About Campaign Letters to the Newspaper

Notice to Letter-Writers: The Star is receiving letters for or against the proposed school millage tax increase which will be voted on this month—some of the writers asking that their names be deleted although signed to the actual letter.

On occasion the newspaper does print letters signed with a pen-name, but only where the real name and address appears in the original copy.

But in an election campaign we are going to require the actual name and address to be published with each letter. This is especially needed where taxation or a bond issue is at stake.

The public is entitled to know who's writing, so the worth of his or her comment can be fairly evaluated by all the taxpayers when considering the tax or bond proposal.

A newspaper is the most public place of all, and anyone who speaks out on a controversial subject shouldn't object to backing his personal view with his real name and address. In sundry cases there may be writers who fear retaliation against them personally for expressing public views. Each case, however, will have to stand on its own merits. Otherwise we run the risk of being imposed on by persons representing themselves as qualified voters—when in fact they may not be. The public has the right to know who's talking about what.

## New Fire Is Developing in SST Case

By JIM ADAMS

Associated Press Writer  
WASHINGTON (AP) — The Nixon administration is facing new fire for withholding a two-year-old report said to describe the proposed supersonic-transport plane as "an economic fiasco, an environmental disaster and a social outrage."

Rep. Silvio O. Conte, R-Mass., said he has learned "that's a pretty reliable quote" from the so-called Garwin memorandum. He planned to press administration witnesses on its accuracy at today's House hearing on the SST.

Secretary of Transportation John A. Volpe testified Monday the memorandum is outdated, makes an already-disproved statement on SST noise, and says nothing new.

Volpe said then that the memorandum, named for Richard L. Garwin, a former White House science adviser, could be released only by President Nixon—and possibly not even by the President because it is involved in a lawsuit.

Conte planned to turn his guns on SST backers after linking a theory that SSTs might cause skin cancer to a scientist's view relating unidentified flying objects to the 1965 New York power blackout.

Dr. James E. McDonald, a member of the National Academy of Sciences, testified flights by 500 SSTs might cause an annual increase of at least 5,000 U.S. skin-cancer cases by reducing the ozone layer that filters the sun's skin-cancer-producing ultraviolet rays.

While the theory has not been proved, McDonald said, his evidence is conclusive enough that it "should be looked into" before SSTs are put into operation.

Bringing stunned silence to the hearing room, Conte asked the scientist if his congressional testimony last year that UFOs might have been connected with the New York power blackout "has held up."

McDonald said his testimony had been that "the correlation between UFO sightings and power failures is disturbing" and that that correlation has held up.

Conte, an SST opponent, told a newsman later he asked the question because he knew SST backers planned to raise it on the House floor to attack the skin-cancer theory.

## American Freed After Heart Attack

MONTEVIDEO, Uruguay (AP) — Freed by his guerrilla kidnapers after a heart attack, American agronomist Claude L. Fly was in "apparently satisfactory condition" today, his attending physician said.

Fly, 64, and Dr. Jorge Dighiero, a heart specialist the Tupamaro guerrillas kidnapped to treat their captive, were found blindfolded in an abandoned truck outside the hospital Tuesday night. Fly, who had been held captive for nearly seven months, was on a stretcher.

The attending physician said Fly suffered a heart attack eight or nine days ago but a cardiogram taken during the night showed no extraordinary symptoms other than those remaining from that attack.

He said the American sex expert probably would remain in the hospital for a month, "the usual period for heart attack cases."

U.S. Ambassador Charles Adair talked briefly with Fly, then told newsmen: "He can't talk with anyone now. He has to rest."

In Fort Collins, Colo., Fly's son John said Secretary of State William P. Rogers telephoned him that his father had been freed. John Fly said that he understood the heart attack was mild, and "except that he's supposed to be all right, we don't know about his condition." Fly's wife was in Fort Collins with their son, and he said they would leave for Montevideo today.

Informants said Dighiero demanded that Fly be hospitalized after he examined him.

A hospital source said the Tupamaros left with the men an electrocardiogram and a record of medical treatment Fly received during captivity. He had just recovered from pneumonia when he was abducted from his laboratory in suburban Montevideo last Aug. 7, and his wife Miriam said at the time that he still required medication. But in several letters to her, Fly reported that he was receiving good treatment and was in good health.

Fly was held longer than any other political hostage since a rash of kidnappings began in Latin America in late 1969.

In Uruguay, Brazilian Consul Aloysio Mares Dias Gomide was kidnapped by the Tupamaros seven days before Fly and was released Feb. 21 after his wife paid about \$250,000 ransom. The guerrillas still hold British Ambassador Geoffrey Jackson, whom they seized on Jan. 8.

## We Keep Looking Back to Childhood After Leaving It Behind

By HAL BOYLE

NEW YORK (AP) — No one ever completely outgrows his childhood.

"The child is the father to the man," said William Wordsworth.

After we supposedly leave childhood behind, we forever afterward keep looking behind us in our heart, hoping to find its mystery again.

What actually are the things about our vanished childhood we feel nostalgic about? Well, you might miss such things as: Touching a wet paint sign to see if the sign is still telling the truth.

Mixing omelet with a capsule of orange dye so the neighbors won't know that the family can't afford butter.

The tall red-haired girl you wooed but never won in kindergarten. Behind every successful man in America lies the memory of at least one red-haired girl he never married—and perhaps five.

Wheeling around and around, arms outflung, and pretending to fall down dizzy.

Walking up and down the sidewalk in front of a girl's house and feeling like a god if the curtains of an upstairs window

## Enemy Fires Surface to Air Missiles and U.S. May Retaliate

By GEORGE ESPER

Associated Press Writer

SAIGON (AP) — North Vietnam fired surface-to-air missiles into the skies over South Vietnam Tuesday for the first time in the Indochina war, the U.S. Command disclosed, and U.S. sources hinted that there would be new air strikes in retaliation.

The 37-foot-long SAM2 missiles were fired at three U.S. planes supporting the South Vietnamese ground drive to disrupt the Ho Chi Minh trail network in Laos. The U.S. Command said none of the planes was damaged.

## Bill Merges AM&N With University

LITTLE ROCK (AP) — A bill that would merge predominantly Negro Arkansas AM&N College at Pine Bluff with the University of Arkansas sailed through the House Tuesday with no debate. The vote was 70-0.

The bill, which goes to the Senate for action, would make AM&N a branch of the university on July 1.

Rep. Boyce Alford of Pine Bluff, one of three sponsors of the measure, said Gov. Dale Bumpers had told him he supported the proposal and would sign it. Alford said the bill had been prepared by university officials and that the U of A Board of Trustees favored the merger.

He said that Dr. Lawrence A. Davis, president of AM&N favored the merger.

The legislature in 1969 authorized the merger of the U of A with Little Rock University and earlier in this session approved the merger of the U of A and Arkansas A&M College at Monticello.

The House approved 78-0 a bill by Rep. Dave Kane of Little Rock that would permit imported wines, as well as Arkansas-grown wines, to be sold in restaurants of cities of more than 15,000 population.

Kane also said the bill would repeal a 1941 law that sets the basic sale prices of domestic wines. It had been thought that the legislature's repeal earlier in the session of the law setting minimum prices at which liquor must be sold also had abolished the floor set for wine prices, but Kane said it was not.

South Vietnamese headquarters announced it had thrown 2,000 marines into the Laotian operation to boost its strength across the border to 18,000 men.

Heavy fighting raged today in Laos, at Hill 30, a South Vietnamese post eight miles northwest of the border outpost of Bao Bao. Headquarters said North Vietnamese troops attacked behind a mortar barrage but lost 98 men during a 10-hour fight. A spokesman said 60 of the enemy were killed by artillery and U.S. air strikes. Saigon said it had one man killed and three wounded.

U.S. warplanes roamed over wide areas of Indochina in an intensified campaign to ease pressure on nearly 40,000 South Vietnamese ground troops in Laos and Cambodia. One F105 fighter-bomber escort attacked a SAM site 10 miles north of the demilitarized zone before dawn today when it threatened another flight of U.S. planes bombing along the Ho Chi Minh trail, the U.S. Command said.

In its announcement of the SAM attack from North Vietnam, the U.S. Command said the enemy fired the Russian-built missiles at a Navy A7 fighter-bomber returning from a strike mission against the Ho Chi Minh trail and at an Army OV1 reconnaissance plane supporting the ground operation.

## Efforts to Avert Rail Strike Dim

WASHINGTON (AP) — A government official said today efforts to settle a threatened nationwide railroad strike look dim.

"I am not too hopeful," said Asst. Secretary of Labor W. J. Utery after several hours of sessions with the AFL-CIO United Transportation Union and industry negotiators.

We should know something later this afternoon one way or the other," Utery said.

The union, representing some 180,000 trainmen, has been free to strike since 12:01 a.m. Monday, but has been delaying any walkout call on a day-to-day basis.

Utery said federal officials were in the process of deciding what action they might take if talks break off and the union calls a strike.

President Nixon several weeks ago recommended that Congress either impose a settlement recommended by a special government board, or permit the union to strike selected railroads to avoid another nationwide shutdown.

The United Transportation Union, headed by Charles Luna, and three other unions staged a one-day nationwide strike that shut down the entire railroad industry Dec. 10 until Congress ordered them back to work under a special law. That law expired March 1.

The three other unions settled with the railroads in recent weeks for wage packages estimated at some 43 per cent over 42 months above their previous \$3.50 average hourly wage.

Utery said he knew nothing about an earlier reported agreement by the United Transportation Union to give Congress at least three days notice of any renewed strike.

## Tractor-Trailer Crash Fatal

MALVERN, Ark. (AP)—Earl Franklin Nelson, 55, of Benton was killed early today when the tractor-trailer rig he was driving crashed on Interstate 30 about 3½ miles west of Malvern.

State Police said the vehicle apparently hit a slick spot on the highway, jackknifed and crashed through a guard rail. Officers said Nelson was thrown from the vehicle.

## Senate Also Passes Road Bond Issue

LITTLE ROCK (AP) — The Senate approved on a 33-1 vote without debate Tuesday a bill proposing a \$300 million highway construction bond issue.

Gov. Dale Bumpers said later that he might publicly oppose the bond plan in the special election the bill would call on the question.

Before approving the bill, the Senate attached at the request of Sen. Robert Harvey of Swift an amendment requiring periodic reports from the state Highway Commission on the sale of the bonds.

House concurrence in the amendment would complete legislative action on the bill, offered by Rep. Preston Bynum of Siloam Springs, a Republican.

Bumpers said he doubted that he would veto the bill since it only refers the issue to a statewide special election May 18, but he said there was a possibility that he would campaign against the bond plan. Cost of a statewide election is estimated at \$250,000.

Bumpers said he had "very strong reservations" about the wisdom of the bond approach to highway construction.

"Right now, the service it would cost us a majority of the amount of money we have for new construction," Bumpers said. "It occurs to me that once the \$300 million is spent, we'd be trapped for many years with practically no money for construction."

Bumpers said he had met earlier with Bynum and "I did express my doubts to him. I told him that in all probability that I would not support such a measure."

The governor said he could not state without qualification that he would oppose the bond plan, "but that's certainly my inclination at this time."

The House passed the bill 88-0 Monday without debate. In the Senate, only Morrell Gathright of Pine Bluff cast a dissenting vote.

Gathright was one of the advocates of the administration's bill to allow the state Turnpike Authority to issue bonds for the construction of turnpikes. That bill was approved by the Senate but appears dead in the House.

Bumpers said he didn't understand how a \$300 million bond bill could "sail through both houses" while his turnpike bonds bill encountered so much difficulty.

In March 1970, a \$200 million highway construction bond issue was narrowly defeated in the House during a special legislative session. A \$150 million highway construction bond issue was rejected in a statewide election in 1965.

Last year the state paid off a \$130 million refunding bond issue made in 1941 for highway construction. Members of the state Highway Commission said last week that they favored the new bond bill.

The bonds would be retired over a 30-year period with revenue from the gasoline tax. The bill does not increase the tax.

Of the bond proceeds, 70 per cent would go to the state, 15 per cent to counties and 15 per cent to cities, with city funds to be distributed according to population.

The bill provides that bonds may not be sold at an interest rate above 5½ per cent. All bonds could be sold at once at a rate of less than 4½ per cent, but no more than 30 per cent could be sold in a single year if the rate were above 4½ per cent.

## Man Killed in Collision

SHERIDAN, Ark. (AP) — Glenn E. McMillan, 61, of North Little Rock was killed Tuesday night when his car collided head-on with a tractor-trailer truck on U.S. 167 nine miles north of Sheridan.

Franklin D. Pumphrey, 43, of Sheridan, the truck driver, was not injured.

## Income Tax Measure, Bill Extending Sales Tax Passed by House

AP News Digest

LITTLE ROCK, Ark. (AP) — Administration forces finally mustered enough strength Tuesday to push Gov. Dale Bumpers' compromise income tax bill through the Arkansas House.

The 77-17 approval, coming after four House rejections of the income tax increase, completed legislative action on the bill, the heart of Bumpers' revised \$27.3 million revenue program.

The House also approved the administration's bill to extend the 3 per cent state sales tax to repair services. The bill was sent to Bumpers for his signature after the 57-37 vote.

The income tax measure would produce about \$12.7 million a year. The repair services proposal would raise about \$2.5 million.

Approval of the bills finishes legislative action on all but two of the measures in the governor's tax package.

The two that remain are a five-cent per package increase in the cigarette tax, which would yield about \$10 million a year, and a reduction from 2 to 1 per cent in the discount merchants receive for collecting the sales tax. It would produce about \$1.1 million a year.

Still awaiting action also is

## Thieu Talks of Attacking N. Vietnam

SAIGON (AP) — President Nguyen Van Thieu said today he wished that the North Vietnamese would soon awaken to the reality and not put us in a situation which forces us to attack them right on their own territory.

The president's statement, issued by the office of his press secretary, added: "In other words, we let the authorities in Hanoi decide by themselves whether or not they want to be attacked by us right in their own territory, which is North Vietnam."

The government's news service quoted Thieu as saying last Wednesday that a march on North Vietnam was only a matter of time, but his office later denied the story.

The president on Feb. 12 told reporters that an invasion of North Vietnam "is not necessary at this time." He was commenting on a statement by Vice President Nguyen Cao Ky that South Vietnamese troops might have to cross into North Vietnam.

## Snow Covers Most of Arkansas

By THE ASSOCIATED PRESS

March may have come in like a lamb in Arkansas but it was roaring like the wildest kind of lion this morning.

The heaviest snowfall that the state has experienced in three years was continuing this morning in many areas, creating hazardous driving conditions and closing schools in most areas.

The Experiment Station reported two inches of snow in the Hope area following .62 inches of rain and sleet during the 24-hour period ending at 7 a.m. A heavy cloud cover quickly moved out after daylight and a bright sun was fast melting the snow.

The National Weather Service said Central Arkansas was hardest hit by the late winter storm, but added that all areas of the state will have snow cover before the storm ends.

Three and one-half inches of snow were measured at Adams Field in Little Rock but measurements up to five inches were reported in western sections of Little Rock.

The snow was ending from the west this morning and was expected to end by noon in all except the easternmost areas of the state. Clearing began in the northwest portion of the state this morning and the sun was expected to be at work on the snow before the end of the day.

Lows tonight are expected to plunge into the teens in the north and into the 20s in the southern sections of the state.

Overnight lows include Fayetteville 20, Harrison 20, Jonesboro 28, Pine Bluff 28, Texarkana 30, El Dorado 30, Memphis 30, Little Rock 29 and Fort Smith 27.

Precipitation for the 24-hour period ended at 6 a.m. includes .04 at Pine Bluff, .08 at Harrison, .15 at El Dorado, .32 at Fort Smith, .33 at Texarkana, .45 at Fayetteville, .38 at Memphis, .90 at Jonesboro and 1.15 at Little Rock.

Here are some reports of snow on the ground at 6 a.m.—Fayetteville two inches, Harrison, El Dorado, Pine Bluff and Fort Smith one inch, Little Rock three and one-half to four inches and Jonesboro four inches.

## Penn Central Recovering But Needs Aid

PHILADELPHIA (AP) — President William H. Moore of the financially troubled Penn Central says America's largest railroad has made "a significant start toward recovery" but still needs massive government help to wipe out losses from passenger operations.

In a report on the six months since he took over management, Moore said Tuesday "there is a vast difference between the railroad today and the way it was last June 21"—when the Penn Central filed a petition for reorganization under the federal bankruptcy act.

"The organization was somewhat in a state of shock from the financial collapse," Moore said, citing poor service, low employee morale, and skimpy maintenance of track and facilities.

"By itself, the railroad can go only so far."

## Cars Collide, Both Damaged

Yesterday at the railway underpass at Hervey and Division autos driven by Leona Anderson and James Byrd, both of Hope, collided with heavy damage resulting. Investigating City Patrolman Richard Rowe said the Anderson vehicle pulled into the path of the other car from a side street.

Leona Anderson was charged with failure to yield the right-of-way and with failure to have a driver's license.

# Newsman Are Restricted in War Zone

QUANG TRI, Vietnam (AP) — Official obstruction is still preventing U.S. newsmen from doing a thorough job of covering the war in southern Laos despite some easing of restrictions.

Journalistic veterans of the war say they have never encountered a more concerted effort by U.S. and South Vietnamese military authorities to restrict the flow of information.

Military information officers, however, claim they are doing all they can to help newsmen. They admit some facts are not released, but contend this is only because they would be useful to the enemy or just are not available.

Maj. Lee Jones, the chief U.S. briefing officer in Quang Tri, says he can give no information about South Vietnamese forces in Laos. Lt. Col. Do Dang Bo, the Vietnamese information officer, says he can give no information about U.S. operations.

When they speak for their own forces, their announcements are uncoordinated and often misleading.

Bo, for example, reported this week that 3,227 enemy troops had been killed in Laos. Jones reported that U.S. aircraft had killed more than 1,400 enemy in Laos.

"Is that included in the total released by Bo?" a correspondent asked.

"I have no way of knowing," said Jones.

Field reports on casualties and battles differ widely from the official versions. The official accounts given in Quang Tri differ from the official accounts given in Saigon.

Although at least one South Vietnamese fire base in Laos has been overrun and two others have been evacuated under enemy siege, Bo has yet to admit a defeat at the hands of North Vietnamese forces.

Newsman felt they had accomplished a major coup when they got Lt. Gen. Hoang Xuan Lam, the 1st Corps commander, to admit that "things were going badly" at one ranger base. But the general hastily added that his men were "effectively accomplishing their mission" even as they retreated.

One major complaint is that the U.S. Command is not being candid about its aircraft losses in Laos. Officially, 22 helicopters have been lost across the border since the operation began Feb. 8. This is an average of one a day, but helicopter pilots say four or five a day are being shot down by the intense enemy antiaircraft fire.

Jones' explanation: "The only helicopters we consider lost are those still in Laos, the ones we have not been able to recover."

The bullet-riddled hulks of helicopters not listed as losses can be seen every day, airlifted back to Khe Sanh and other bases in South Vietnam by recovery helicopters.

Their crews might be dead or wounded, their structure so badly damaged they would have to be sent back to the United States to be made operative again, but "they're not lost. The pilots simply chose not to fly any further," one waggish information officer commented.

## INCOME TAX (From Page One)

one nonadministration bill to increase the sales tax by a half per cent, producing \$20 million, and another to raise the tax by a full 1 per cent, generating \$40 million. The Revenue and Taxation Committees of both houses are to hold a joint public hearing tonight on both bills.

The cigarette tax increase failed by two votes Monday of winning Senate approval. The Senate is to consider the measure again and Bumpers said late Tuesday he feels he has the votes to pass it.

Asked whether he would accept a half per cent increase if his cigarette tax bill fails, Bumpers said: "I'll have to view that in light of the situation at the time. If we get the cigarette tax in its present form, we can manage to get along over the next biennium."

Bumpers restructured his tax package around the cigarette tax last week after abandoning two of his revenue bills, one subjecting cigarettes to the sales tax, and agreeing to an amendment to the income tax measure to drop the 9 per cent rate at which he had proposed taxing taxable income above \$40,000. The top rate in the bill now is 7 per cent on all taxable income above \$25,000.

The House approved the income tax bill on the second attempt at passage of the day. On the first try, the bill failed 72-18, three favorable votes short of the three-fourths majority vote required. The House had refused on three close votes last Friday to approve the measure.

Rep. Thomas Sparks of Fordyce told the House the bill was a "modest tax, a balanced tax, a step in the right direction that hurts no one." He said the bill "properly" placed a greater tax burden on persons with high incomes.

But Rep. Frank Henslee of Fordyce said the bill would place too much of an extra burden on the "working man." He said the measure became "totally unacceptable" to him when Bumpers dropped the rate on the highest taxable income.

The original vote was 78-17, but opponents asked Speaker Ray S. Smith Jr. of Hot Springs to poll the House and the vote of Rep. James Matthews of Dumas was cast out because he was not in the chamber at the time of the poll.

Tax rates under the bill would be 1 per cent on taxable income below \$3,000, 2.5 per cent on \$3,000 to \$6,000, 3.5 per cent on \$6,000 to \$9,000, 4.5 per cent on \$9,000 to \$15,000, 6 per cent on \$15,000 to \$25,000 and 7 per cent on taxable income above \$25,000.

Present law provides rates of 1 per cent on income below \$3,000, 2 per cent on \$3,000 to \$6,000, 3 per cent on \$6,000 to \$11,000, 4 per cent on \$11,000 to \$25,000 and 5 per cent on income above \$25,000.

The repair services bill would impose the sales tax on repairs of such items as motor vehicles, planes, farm machinery, tires, household appliances, furniture, jewelry, clocks, engineering and medical instruments, bicycles, office machines and shoes.

Henslee opposed the bill, saying it was a regressive proposal that would penalize "working people."

### THIEU TALKS (From Page One)

Today's statement said Thieu's remarks were made after a pacification seminar earlier today in the Mekong Delta. Following the seminar, it added, Thieu explained the operations by South Vietnamese forces in Cambodia and Laos and then added his statement about North Vietnam.

The statement said Thieu gave this conclusion: "When we attacked the sanctuaries of the Communist North Vietnamese aggressors in the Cambodian Republic one year ago, and recently in Laos, and have inflicted upon them heavy casualties, the Communist North Vietnamese should awaken to the reality that they are no longer strong, that they no longer retain the initiative to attack us before. On the contrary, they should realize that we have the capability to attack them anywhere."

"One year ago I could not say in advance that we would attack the Communists in the Cambodian republic. And, one month ago, I could not say in advance that we could attack them in Laos. Consequently, at the present time, I cannot say in advance what will happen."

"Moreover, although we have to think about attacking the Communists in North Vietnam, then it will just be because they themselves have put us in a situation which forces us to think about that option in order to legitimately defend ourselves. If the Communists North Vietnamese want to avoid that course of action, then they had better stop being stubborn, they had better stop immediately their aggression in the South and withdraw their troops back to the North."

"I wish that the North Vietnamese would soon awaken to the reality, and not put us in a situation which forces us to attack them right in their own territory."

## Leaders Frown on Marine Withdrawal

WASHINGTON (AP) — Top Pentagon civilians want to speed withdrawal of the remaining U.S. Marines from Vietnam but corps leaders have objected, Defense sources say.

If approved, an accelerated schedule could bring most of the remaining 23,000 Marines out of Vietnam within the next couple of months, instead of by July.

Marine leaders reportedly have argued a stepped-up pull-out would weaken allied forces in the vital northernmost region of South Vietnam while the outcome of the South Vietnamese drive against enemy supply routes in Laos still was in doubt.

Although they have made no firm public commitments, President Nixon and Secretary of Defense Melvin R. Laird have held out hopes the U.S.-supported South Vietnamese operations in Laos and Cambodia will lead to acceleration of U.S. troop withdrawals from the war zone.

Removal of the major Marine air and ground units would leave behind, for the time being, some logistics elements, advisers to the South Vietnamese marines, and some scattered personnel assigned to the U.S. Command headquarters structure.

This would effectively end Marine involvement in the war which Marine ground units entered for the first time six years ago.

## Racing Bill Action Is Deferred

LITTLE ROCK (AP) — The State Agencies Committee of the Arkansas House deferred action Tuesday on a bill that would force Emprise Corp. of Buffalo, N.Y. out as the principal stockholder in Southland dog racing track at West Memphis.

The bill, authored by Reps. J. B. Smith of Marianna and Ernest Cunningham of Helena, also would prohibit the concessionaire at the track from being a principal stockholder in the racing franchise.

Emprise, which has interests in other tracks, owns 46.6 per cent of the stock in Southland Racing Corp., operator of the West Memphis track. An Emprise subsidiary, Arkansas Sportservice Inc., holds the

## Nixon Calls Kissinger Charge Untrue

WASHINGTON (AP) — President Nixon says it is not true that his foreign affairs adviser, Henry Kissinger, has become secretary of state in everything but title.

Sen. Stuart Symington, D-Mo., said in a Senate speech Tuesday Kissinger is "the most powerful man in the Nixon administration next to the President himself." He said Kissinger "is the secretary of state in everything but title" and added that an appearance by Secretary of State William P. Rogers "is rather an empty exercise."

"It's rather sad wherever you go in the afternoon or the evening around this town to hear the very able secretary of state

concessions contract at the track.

Rep. Sam Steiger, R-Ariz., appeared before the committee Tuesday and urged support of the bill.

The congressman asked the committee to consider during its study of the bill a grand jury indictment handed down Friday in Los Angeles, naming Emprise and six individuals.

The indictment charges conspiracy, interstate transportation in aid of racketeering and aiding and abetting in connection with their alleged hidden interest in the Frontier Hotel and Casino in Las Vegas during 1966 and 1967.

laughed at," he added. Nixon's press secretary, Ronald Ziegler, said Tuesday the President has "the utmost confidence in the secretary of state and in the judgment of the secretary of state."

"The President wanted me to say also to you the secretary of state is the President's chief adviser on foreign affairs and he will remain that. And people who think otherwise are misleading themselves and others."

Ziegler said there would be no comment on any other portion of the Symington speech. He evaded questions on whether Rogers or Kissinger is considered the pre-eminent foreign policy adviser to the President and whether Nixon had expressed any concern about a possible rivalry.

However, he did add Kissinger was in very close consultation on preparation of last week's annual report on foreign policy.

State Department press officer Robert J. McCloskey said of Symington's speech: "Obviously, we are disappointed at such a remark and such a characterization." He said Rogers "has made every effort to be as fully responsive to questions as he can be under given circumstances" when appearing before congressional committees.

## Woman Inmate Would Void Adoption

LITTLE ROCK (AP) — A woman inmate at Cummins Prison Farm has filed a suit asking that the guardianship of a son born while she was incarcerated be voided and that she be told the details of the child's adoption.

Ann Shappy, who is serving a 15-year sentence, filed suit Monday in Probate Court at Little Rock.

The suit seeks to void the procedures used three years ago by the state Welfare Department to place the child for adoption.

A controversy arose in February 1968 when state Prison Supt. Thomas O. Murton decided to let the mother keep her baby in the Women's Reformatory at Cummins. At that time, the identity of the mother was not known.

The state Prison Board opposed Murton's decision and for a while the baby was cared for by Mr. and Mrs. Frank Crawford, wardens at Cummins. Later, the state Welfare Board ordered Welfare Commissioner Len E. Blaylock to go to court if necessary to remove the baby from the prison grounds.

Blaylock announced Feb. 28, 1968, that the baby had been placed in a foster home and that the mother had voluntarily given up custody of the child at Cummins. Blaylock later announced that an unidentified couple had agreed to furnish a foster home for the child under supervision of the Pulaski Juvenile Court.

The suit filed Monday alleged that Mrs. Janet Knight, director of the Division of Child Welfare of the state Welfare Department, had been appointed the child's legal guardian on Dec. 31, 1969 with power to consent to its adoption without notice to the natural parents.

## HELEN HELP US!

by Helen Bottel

### MARRIAGE MEANS "FORSAKING"

Dear Helen:  
My mother and I are both widows. We share an apartment. She works, and has enough money to get along. I'm a softie, so I put up with her bossy, tactless ways.

Ever since Dad died 18 years ago, Mama has lived with me. She interfered with the children's discipline so much that my first marriage broke up. (Not the whole reason, but her presence increased our problems.)

Now I am getting married again, to a wonderful man who loves my three kids. I know Mama expects to be part of this new life. My fiancée has a widowed mother too, but she's happily independent.

How do you get it across that you don't want history to repeat itself? I can't just tell her to leave. —T.Q.

Dear T.:  
Have you thought about telling her to STAY—while you, your new husband and the children move to a real home? Houses often rent for less than comparable apartments, and they're so much better for the kids.

Marriage vows don't read "forsaking all mothers," but sometimes they almost should.

—H.  
Dear Helen:  
For five years my man couldn't marry me because "his wife was getting a divorce." Well, she finally got one. Eighteen months ago!!

I thought we'd be married

right away but instead he seems to have got used to things the way they are. There's always a good putoff, like he (now) wants to save enough money for a wedding trip. Since I've been living with him six years, is that really a reason? Honeymoons I've already had. "Legal" is what I want! Is there a half-way —HOPE?

Dear Hope:  
... Nope!  
Signing a contract six years after he got the goods? Well, I wouldn't give this "hope" more than a 10 percent chance, even if you moved out and made him

come a-woeing. —H.

Dear Helen:

I'm an adult with something to say about youth. It seems that they already have one strike against them. Because they are "those teen-agers" they face a world that considers them guilty until proved innocent—and it takes a lot of proof.

My oldest son has been driving for a year. He bought his car, as he has worked since he was 12. But he has been stopped by traffic officers more times than I can count, not because he's a wise guy or bad driver—just because he looks young, wears his hair fairly long, and drives a sharp-looking car. He has never received a ticket, but his car has been searched, his license checked—with never an apology when they find him "clean."

My three sons and their friends have been treated miserably in restaurants for no reason—except being teen-agers.

Recently one of their friends was in an auto accident. It was the other driver's fault—he was forced off the road by a reckless adult. Do you know the last words the boy heard before he went out? Someone saying, "Look at that long-haired hippie. I bet he was on dope!" And adults want respect from the young?

I'm not the mother-hen type. Have never spoken out before. But I want to say that 99 percent of our sons' friends (and that means average teens) are great kids. I don't always agree with their viewpoints, but I LISTEN, and learn so very much.

My young sons not only worked and bought their own cars, they bought ME one for my birthday. —MRS. J. B.

## Zanuck Goes to Warners

HOLLYWOOD (AP) — Richard Zanuck, ousted president of 20th Century-Fox, has been named senior executive vice president of rival Warner Bros. David Brown, an associate who also resigned from Fox in a management shakeup, was appointed executive vice president for creative operations, Warner Bros. announced Monday.

Warner Bros. is the studio where Zanuck's father Darryl got his start as a movie mogul. Some published accounts of the Fox turnovers said Darryl, Fox's board chairman and chief executive, ousted his 36-year-old son.

## Television and Radio

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — CBS' "All in the Family" shapes up as the most stimulating new series of the television season—whatever the individual's reaction and that seems to run to extremes.

While it is classified as a situation comedy, much that is written about the series, including mail to this column, seems more concerned with its message than its laughs. Many fans feel it is like a dose of strong medicine—unpleasant, perhaps, but good for one.

In the Tuesday night episode, Archie Bunker, head of the house and racist, was dashed to learn that a black family had bought the house a couple of doors from his own. He exploded with remarks about real estate values and about "spades" and "coons."

The series, perhaps because it has occasioned so much comment, is not faring too badly in the Nielsen ratings. In the most recent listing, it ranked 47th among 77 shows, tied with NBC's Red Skelton.

It certainly packs a punch. Archie's sneering scorn for anyone who does not fit his idea of a 100 per cent American has shock value. And there is some prickly humor in the sarcastic exchanges between Archie and his more liberal son-in-law.

The series flaw is that no one in the regular cast is remotely likeable or a personality with whom one can identify. Archie is a loud, narrow-minded bully. His wife and daughter are subservient dopes and his son-in-law is unattractive and argumentative.

A great debate rages about the show's content. Does the portrait of a bigot who uses derogatory terms for minorities open a semiconcealed sore as if by surgery? Fans of the show believe it does. Others feel that it has the opposite effect, reinforcing such attitudes and making them acceptable.

However, television in most areas does not have captive audiences so those who find "All in the Family" objectionable and upsetting have merely to turn to another channel.

At this time, the series' chances for renewal next season seem bright.  
NBC's "First Tuesday" con-

centrated, in its longest feature, on the dangerous, hard work and financial problems of steel workers and their families. It was a sympathetic portrait of men who, one said, "become important only when we are on strike and not important other times." It also contained some dramatic film showing the fiery steel mills.

Liveliest moments in the two hours came with a report on the pollution explosion and building boom in ski areas of Colorado.

## Another James Bond Movie

LONDON (AP) — Sean Connery is reported on the verge of signing a contract to make another James Bond movie—something he had vowed he would never do.

Connery met with chiefs of United Artists Monday to talk it over. He declined comment after the conference, but the Daily Sun said the only thing remaining to be settled was the fee, on which estimates "start at a million dollars plus a healthy share of the new film."

## Bobcats to District Tournament

By BILL MOORE  
Star Sports Writer

Tonight, the Hope Bobcats travel to Arkadelphia, to the Ouachita Baptist College gym, for a district tournament game. Hope will face either Arkadelphia or Mena, the winner of Tuesday night's game. Coming into the game the Cats have a 14-11 overall and 5-5 district record, which seeds them fourth in the tournament. With all the material they need and a winning feeling, the Cats can go as far as they want to, and everyone is urged to go to Ouachita tonight and give them support.

Unfortunately, the game will not be broadcast by KXAR.

## Hitters Are Ahead of the Hurlers

By THE ASSOCIATED PRESS

As usual, the hitters were ahead of the pitchers as spring training workouts picked up steam. And Ron Taylor was beside himself.

The holdout list shrank a bit Tuesday as Cincinnati first baseman Lee May, pitcher Jim Merritt and outfielder-pinch hitter Jimmy Stewart signed contracts. No terms were disclosed. San Diego's Gerry Nymann pitched two perfect innings in the Padres' scoreless intrasquad game—but he was the exception.

Tom Shopay's two-run triple and Don Buford's two-run single highlighted Baltimore's game, Jim Mason and Lou Klimchuck homered and Klimchuck added two singles in Washington's workout. Amos Otis had two homers and Fred Patek had one in Pittsburgh's slugfest, Milwaukee's John Felske blasted one and Boston got round-trippers from Don Pavletich, Billy Conigliaro, Jarvis Tatum and Carlton Fisk. All were intrasquad games.

So was the New York Mets' activity, in which rookie infielder Tim Lincecum's homer off Taylor ignited a rally that led the Yogi Berra past the Joe Pignatano 3-2. But Taylor also pitched for the Berra—and so was the winning pitcher as well as the loser. In New York City, Mayor John V. Lindsay announced a bill to be introduced in the state legislature to enable the city to purchase Yankee Stadium and keep the Yankees and the Giants football team in New York.

"In the sports world, Yankee Stadium is hallowed ground," Lindsay said. "It is the stadium in which baseball grew to maturity...from Babe Ruth to Joe DiMaggio to Mickey Mantle."

## Some Shifting in College Ratings

By THE ASSOCIATED PRESS

There was a modicum of shuffling around in The Associated Press College Division basketball poll with the general direction being up to cut into LSU-New Orleans' lead.

The Privateers, suffering their first loss in 25 this season—an 87-79 upset by unranked Houston Baptist—still collected five of the 14 first-place votes by the nationwide panel of sports writers and sportscasters to retain first place Tuesday with 226 points.

But their 78-point margin of a week ago was trimmed to just 27 as Kentucky State vaulted over Fairmont, W.Va., into second with 199.

Fairmont and Tennessee State, the latter in fourth last week, shared third place with 177 points while Assumption jumped two places to fifth.

Tennessee State received three first-place bids and Kentucky State, Fairmont and Assumption received two apiece.

Ashland remained sixth, Southwest Louisiana tumbled three places to seventh, Louisiana Tech, sole owner of eighth a week ago, shared it with Eau Claire, which moved up a step, and Moorhead State held the No. 10 post.

Filling out the top 20 were Puget Sound, Kentucky Wesleyan, Oral Roberts, Stephen F. Austin, Howard Payne, Indiana State, Pa., Northeast Louisiana, Sam Houston State, Roanoke and Central Washington, the last two tied for 19th.

The Top Twenty college division basketball teams, with first place votes in parentheses and total points on a 20-16-14-12-10-9-8 etc basis:

1. LSU-New Orleans (5) 226
2. Kentucky State (2) 199
3. Tennessee State (3) 177
4. Fairmont, W.Va. (2) 177
5. Assumption (2) 132
6. Ashland 126

## Southern S. Captures NAIA Meet

PINE BLUFF, Ark. (AP) — Southern State captured the NAIA District 17 basketball championship Tuesday night with a 66-60 victory over Ouachita Baptist University.

Southern State jumped to an early lead and held a 32-26 halftime advantage, but Ouachita managed to close the gap to three points with 17 minutes left in the game.

Al Flannigan scored 17 points to pace State and Billy Barnes added 14.

## Stamps Wins in Class A Tournament

LITTLE ROCK (AP) — Lavaca used a balanced scoring attack to roll to a 77-66 victory over Camden Harmony Grove in first-round action of the boys Class A state basketball tournament Tuesday.

Johnny Helms scored 21 points and was one of five Lavaca players to score in double figures. Ralph Raymond paced Harmony Grove with 23 points.

In other Class A action, Stamps defeated Bay 72-64 and White Hall whipped Mulberry 79-67.

White Hall built up a 23-point halftime lead and held on to down Mulberry.

John Kushmaul paced the White Hall attack with 26 points and Rodney Jordan led Mulberry with 24.

Royce White scored 19 points to lead Stamps to victory over Bay.

Stamps jumped off to a 44-26 halftime lead, but Bay went to a full-court press and closed the gap to 68-62 late in the game.

However, free throws by Ron Garner in the last quarter iced the victory.

## TCU 'Fights' Way Into Playoff

By HERSCHEL NISSENSON  
Associated Press Sports Writer

The NCAA and NIT are the folks issuing the college basketball invitations these days but Texas Christian, Ohio State, St. John's, Rutgers and Duke decided to do some bidding of their own Tuesday night while Southern Methodist's Gene Phillips won his hand in Texas.

After the NCAA picked its 10 at-large teams for its postseason extravaganza and the NIT named three, TCU won its way into the former with a 76-63 fight-marred victory over Texas A&M that clinched the Southwestern Conference title for the Horned Frogs.

Ohio State, the Big Ten leader, moved closer to nailing down a berth by trimming Minnesota 84-70. NIT hopefuls St. John's and Rutgers posted 80-74 and 92-68 triumphs over Holy Cross and Lafayette, respectively, while Duke, which wouldn't mind a trip to New York if it doesn't win the Atlantic Coast Conference tournament, turned back Clemson 70-60.

Three of Tuesday's NCAA selections were victorious at night. Ninth-ranked Jacksonville belted Miami of Florida 94-75. No. 11 Duquesne shelled Detroit 93-73 and 17th-rated Long Beach State downed Centenary 66-50.

The other NCAA at-large bids went to Marquette, Fordham, Houston, Notre Dame, Utah State, Villanova and New Mexico State. The NIT then tapped Dayton, St. Bonaventure and Tennessee.

And deep in the heart of Texas, SMU's Phillips poured in 51 points, wiping out the SWC mark of 50 held by the late Jim Krebs of SMU and Dub Malaise of Texas Tech. As the 6-foot-4 senior set his record by sinking two free throws with six seconds left at Texas' Gregory Gym, scattered pieces of paper floated to the floor and public address announcer Wally Pryor scolded: "I don't know who threw that, but I think that's one of the worst displays of sportsmanship I have ever seen. I think we should give Phillips a round of applause."

He got it. The Longhorns, however, got the victory 96-88. TCU's Eugene "Goo" Kennedy scored only eight points against A&M but pulled down 19 rebounds for a one-season SWC record of 239. The old mark of 235 was set by Doug Boyd, also of TCU. Simpson Degrate paced the winners with 29 points.

SHARON RATELIFF AND CAROL FRAZIER

Sharon Rateliff and Carol Frazier, Yerger Junior High School Kitten basketball team, have been named on the All-District basketball team. Their parents are Mr. and Mrs. Norris Rateliff and Mr. and Mrs. George Frazier.

The team finished the season with a 16-6 record and lost to Stephens in district semi-finals. They took first place in the Nashville Invitational Tournament recently and were in second place at the Gurdin Invitational Tournament earlier in the season.

Mrs. Jerry Burnett coaches the Kittencats.

Howard started the fracas and Kennedy and Steve Niles also exchanged punches. TCU Coach Johnny Swaim went to the mike after the fight and asked the crowd to stop throwing objects on the floor. No players were ejected.

The Horned Frogs will face Notre Dame in a first-round game at Houston on March 13.

Seven-foot Luke Witte's 26 points and 20 rebounds helped Ohio State top Minnesota. The Buckeyes have an 11-1 conference mark with two games left while Indiana and Michigan both are 8-2 with four games remaining.

A balanced attack featured the St. John's triumph over Holy Cross with Mel Davis canning 20 points, Bill Phillips 16 and Billy Schaeffer and Mike Keilty 15 apiece. The winners are 16-8 with two games to go while the Crusaders finished at 18-8 and are still hoping for an NIT call.

Little John McFadden, normally a playmaker and reluctant shooter, scored a career high 21 points as Rutgers walloped Lafayette. Steve Kaplan led the Scarlet Knights with 22 and Gene Armistead had 20 while Lafayette's Tracy Tripucica scored 30.

Duke pulled away from a 32-all halftime tie with Clemson and hiked its record to 17-7 behind Randy Denton's 23 points.

## Show of Kings Winner by Two Lengths

HOT SPRINGS, Ark. (AP) — Show of Kings scored a 2½ length victory over Jovial John to win Oaklawn Park's \$5,500 feature race Tuesday.

With light snow falling and sloppy racing conditions, the 4-year-old filly ran the one mile and 70 yards in 1:43.

Show of Kings, second choice in the betting, returned \$6.60, \$4 and \$2.80. Jovial John paid \$5.20 and \$3 and Mr. Thankful finished third to pay \$2.80.

Going into the first turn, Jovial John, ridden by J. L. Liveley, held a three-length lead on the remaining field of six older horses.

Show of Kings closed the gap at the head of the stretch and took a 2½ length lead as Jovial John began tiring after setting the early pace. Mr. Thankful was another four lengths back in third.

The daily double combination of New Bar in the first and Old Kibler in the second, numbers 5 and 2, paid \$55.40.

The crowd of 7,150 wagered \$561,882.

## Palmer and Nicklaus in Doral Meet

By BOB GREEN

Associated Press Golf Writer  
MIAMI (AP) — Probably the strongest field of the year has been assembled for the \$150,000 Doral-Eastern Open Golf Tournament, but, as usual, Jack Nicklaus, Arnold Palmer and Gary Player figure to dominate things.

The absence of Billy Casper and Lee Trevino focuses attention even more sharply on the Big Three in this 72-hole test that begins Thursday on the demanding Blue Monster course at the Doral Country Club, a watery, 7,028 yard, par 72 layout.

# County Line, Magnet Cove, Could Win

LITTLE ROCK (AP)—County Line jumped to a 13-point halftime lead and held on to defeat Turrell 76-59 in second-round action of the boys Class B state basketball tournament Tuesday night.

Dennis Chastain paced the Indians with 29 points and Jerry Vest added 17.

Chris Powell led the Turrell scorers with 19 points.

In other Class B action, Magnet Cove defeated Hazen 68-52 and Gould edged Flippin 65-62.

William Hall's three-point play with 57 seconds remaining in the second overtime boosted Gould to victory.

Hill's basket and ensuing free throw gave Gould a 63-60 lead. Leslie Bailey's two free throws seconds later clinched the victory.

Magnet Cove advanced into the quarterfinals on the shooting of Randy Crumby and Dickie Dixon and on a strong half-court press that produced many Hazen turnovers.

Dixon led Magnet Cove with 22 points. Allen Carter had 18 to pace Hazen.

# Lumbers Out But Flying in Stretch

MIAMI (AP)—His Majesty lumbers out of the starting gate, but the Darby Dan Farm colt is usually flying for the stretch run.

"That's his way," said trainer Lou Rondinello. "There aren't many superior Triple Crown hopefuls."

The come-from-behind specialist was favored today in the \$155,000 Flamingo Stakes as Hialeah Park closed a 40-day winter season with Florida's top run for three year olds.

A field of 11 was due for the

42nd Flamingo, a mile and an eighth test offering \$100,750 to the winner.

With a favorite's role in the Kentucky Derby at stake, the colts will attempt to become the first Flamingo winner since Northern Dancer in 1964 to go on to capture the Kentucky Derby.

Jim French at 2-1, was considered the top competition for 7-5 choice His Majesty along with Executioner, Eastern Fleet, Sole Mio and Dynastic. The remainder of the field—all carrying 122 pounds—was composed of Thorn, Blue, Comet, Will Hays, Twist the Axe and Cool Moon.

# Departing Party Tossed for Clay

MIAMI BEACH (AP)—Residents at the classy Octagon Towers tossed a party for a departing neighbor. Mostly retirees, they served coffee and cake.

The guest of honor brought the punch.

Muhammad Ali had lived among them for two months, doing road work before dawn at nearby Bayside Golf Club and boxing daily at Fifth Street Gym.

Now, the unbeaten and controversial fighter was getting set to close up shop and head for New York. Ali fights Joe Frazier for the world heavyweight title Monday night.

"All the folks been nice to me," said Ali. "They sorta adopted me and all told me they gonna be pullin' for me."

Ali went to New York for a preflight physical today, but was scheduled to return to Miami Beach for three more days of wrapup training behind locked doors.

"We're planning to keep the fans out of 'be gym," said trainer Angelo Dundee. "Got to get his mind-as well as the body beautiful-ready. This is my man's toughest fight ever."

Dundee said it was a task get-

# Carleton Surprised at the Fuss

ST. PAUL-MINNEAPOLIS (AP)—Wayne Carleton was surprised by all the fuss in the Boston dressing room, and was surprised about the first of his two goals Tuesday night against the Minnesota North Stars.

"I got good wood on it," Carleton explained, "but I actually fell after firing and the puck went in under goalie Cesare Maniago's arm."

Carleton, the center of attention rather than the usual Phil Esposito and Bobby Orr, gave the Bruins their 304th goal of the season with that shot to break the National Hockey League record of 303 set by Boston in 1968-69.

The Bruins entered the March portion of their schedule like lions with a convincing 6-0 romp over the North Stars in the only NHL game of the night.

Boston reached the total through 62 games, and the Bruins have 16 more games to improve on their 307-goal total.

Bruin goalie Ed Johnston recorded his fourth shutout of the season, stopping 22 shots, and he was particularly pleased by it since his best season before that was three shutouts in 1963-64.

Esposito, running his league leading scoring total to 119 points, scored his 53rd goal in the first period. Orr assisted Esposito and Wayne Cashman on Boston's first period goals.

Derek Sanderson and Ed Westfall completed the Bruin scoring attack, sparked by a 33-shot barrage at Maniago.

ting the free-talking Ali to completely focus his thoughts on the business at hand. "The guy loves people and he loves reporters," said the veteran trainer. "It's tough to isolate such a man."

## DEE SINGLETON

Dee Singleton, daughter of Mr. and Mrs. Forrest Singleton, is the only Ladycat to be chosen for the 7A All-District basketball team. This is the second consecutive year this junior has been selected.

She scored 32 points at the first tournament game with Lewisville which Hope won 75-41. Hope lost the next match to Stamps.

In regular season play Dee scored a total of 392 points followed by Betty Rodden with 366, and Janet McCain with 354.

# Bob Foster Stops Carroll in Fourth

By RALPH BERNSTEIN Associated Press Sports Writer  
SCRANTON, Pa. (AP)—"There ain't but one light heavyweight champion," said Bob Foster after stopping Hal "TNT" Carroll in the fourth of their scheduled 15-round 175-pound title bout Tuesday night.

Foster disposed of Carroll at 2:32 of the fourth round, setting up the 30-year-old challenger from Syracuse, N.Y., with a left hook and then spreading him on the canvas with a blistering right.

It was the fifth successful defense by the 38-year-old Foster of the title he won in 1968 from Dick Tiger. The victory was the 42nd in 47 fights for the Washington, D.C., fighter and his 36th knockout.

Foster's one-champ declaration was his answer to the World Boxing Association, which recently withdrew its championship recognition of him for failing to meet a worthy challenger within a reasonable period of time. Foster last defended against Mark Tesson on June 27, 1970.

The WBA recognizes Vicente Rondon of Venezuela as the light heavyweight champion by virtue of his sixth-round kayo of Jimmy Dupree of Jersey City, N.J., last Saturday night in Caracas.

Foster said he wants to defend the 175-pound title twice more and then take another shot at the heavyweight championship. He tried for the big title last November, only to be knocked out in the second round by champion Joe Frazier.

Who does he want as light heavy challenger? "Rondon," he said without hesitation. "And I'll fight him in Venezuela. I'm the man in the light heavyweight division. I don't even have to train to beat some of these guys."

Foster's manager, Lou Viscusi, was asked if he would try to settle the dispute with the WBA. "What WBA?" retorted Viscusi with a straight face.

"If the WBA has a pretender

who wants to challenge Foster, we're ready with two weeks notice," Viscusi said.

Foster earned \$13,856 as a crowd of 4,029 turned out at the 4,500-seat Catholic Youth Center for Scranton's first title bout in 45 years.

Carroll picked up \$6,928 and 30 stitches over his left eye for his trouble. It was only his third loss in 33 bouts and the first time he had ever been knocked down. He claimed the nasty cut was caused by a butt. Foster said it came from a left hook.

# West Injury Is Blow to the Lakers

By THE ASSOCIATED PRESS Injury-jinxed Jerry West has been struck down again and it could mean big trouble for the Los Angeles Lakers.

West, whose brilliant National Basketball Association career has been dotted with a long string of disabling injuries, suffered torn right knee ligaments Tuesday night in LA's 131-118 victory over Buffalo.

Elsewhere, New York took Baltimore 109-95, San Diego topped Philadelphia 111-103, Detroit whipped Portland 128-122 and Atlanta downed Seattle 128-116.

In the only ABA game played, Texas edged New York 130-127.

West was lunging for a loose ball late in the first half when he got tangled up with Buffalo's Bob Kauffman and Em Bryant.

Kauffman fell across West's leg after colliding with Bryant. The Laker superstar was examined by Stephen Joyce, the Buffalo club physician, who diagnosed the torn ligaments.

West returned to Los Angeles today for examination by Dr. Robert Kerlan, the Lakers' team physician, whose previous celebrated knee cases have included LA stars Wilt Chamberlain and Elgin Baylor.

Gail Goodrich led the Lakers with 30 points while Don May led all scorers, with 40, matching a Buffalo club record.

Willis Reed led New York with 21 points—15 of them in the second half—as the Knicks whipped Baltimore. It was the

# Baseball to Tighten Drug Restrictions

By MIKE RATHET

Associated Press Sports Writer  
FORT LAUDERDALE, Fla. (AP)—Major league baseball has started to tighten its restrictions on the use of artificial

stimulants, including the "greenies" pitcher Chuck Dobson of the Oakland A's recently admitted he had been using.

The first steps of a more stringent policy were formalized here Tuesday when some 75 representatives of nine clubs took part in the first organized drug education program in team sports history.

Commissioner Bowie Kuhn said after the three-hour session—the first of three seminars to be held for personnel of all major league clubs—that the sport had formalized a previous ban on the use of artificial stimulants and discussed accompanying disciplinary action in the event of abuses.

Concurring with recommendations made by the newly formed Association of Professional Baseball Physicians, Kuhn said "there is no place in baseball for the use of or involvement in illegal drug activity."

Kuhn said the use of artificial stimulants or amphetamines, without prescription by a physician, fell into that category. Such stimulants, also called bennies, speed, greenies and various other names, are supposed to enable the athlete to

perform at his peak capacity. But Dr. Leonard Wallenstein of the Baltimore Orioles, head of the new Physicians association, said such amphetamines "have an adverse effect on the body; one can become a habitue, psychologically dependent on them." He also said improper use "can cause death."

Kuhn, asked about Dobson's statement that he had used greenies, said he could not comment on the situation because he did not know whether or not Dobson had taken them under doctor's orders. But he did say any abuse would be met with disciplinary action.

Kuhn, however, declined to specify what form such discipline would take.

fourth straight victory for the Atlantic Division leaders, who picked up a full game on Philadelphia.

San Diego got 27 points from little Calvin Murphy—18 of them in the fourth quarter—to whip the 76ers. Murphy hit seven-of-nine field goal attempts and four free throws, in his torrid fourth quarter.

Rookie Bob Lanier poured in a pro career high of 38 points and Dave Bing's hot hand produced 34 more as Detroit whipped Portland. Rookie Geoff Petrie had 41 for the Trailblazers.

Dave Bing of the Pistons suffered a small fracture of his left cheekbone. Detroit team officials said that he will be able to play against Milwaukee Friday but will wear a face mask to protect the injury.

Lou Hudson scored 18 of his 34 points in the second period as Atlanta built a 68-51 halftime lead over Seattle. Hudson connected on 12 field goal attempts in a row in the second and third quarters. Pete Maravich contributed 30 points to the Hawks' attack, 14 in the final stanza.

Dick Snyder topped the SuperSonics with 22 points. Ex-teammate Levern Tart sunk the New York Nets, pulling Texas to its ABA victory with a late flurry of four straight baskets. The Nets led 120-118 when Tart got hot and Texas never trailed after his four buckets gave the Chaos a 126-121 lead.

## BERRY'S WORLD

"Maybe we're rushing the hot pants season!"

**THE FAMILY LAWYER**

## Barbed Humor

"Many a truth," says an old proverb, "is spoken in jest." But what about a lie that is spoken in jest? Is a false statement excusable if the speaker is "only kidding"?

Consider the case of a television personality who, in the course of his patter, referred to one of his guests as "a member of the Mafia."

The remark got a big laugh from the audience, but the guest was not amused. Instead, he filed a defamation suit against his host, accusing him of soiling an innocent person's good name.

Nevertheless, the court turned down the guest's claim. The judge pointed out that the remark not only was intended to be funny but also was taken that way by the audience.

It is this last item—the reaction of the audience—that matters most in the law of defamation. Unless listeners take a person's reputation simply is not harmed.

On the other hand, a jest may indeed be defamatory if those who hear it take it as true. Thus: A guest at a party passed the word that his hostess had been dabbling in adultery. When she later sued him for defamation, he explained that he had been trying to be funny.

"How can I be liable," he said, "when I had no guilty intent? It isn't my fault that some people just did not catch on."

But the court ordered him to pay damages for failing to make his humorous intentions clear. As one judge put it:

"A person shall not be allowed to murder another's reputation in jest."

Even words of flattery may be defamatory if they carry a hidden sting. Another case arose because of repeated references to a local political leader as "beautiful" and "godlike." In fact, the man was widely known to have an ugly deformity, left from a severe illness some years earlier.

Under these circumstances, the court held that the words of seeming praise were actually defamatory. The court said the insult was no less painful, merely because it came in disguise.

## DR. LAWRENCE E. LAMB

## Pain from Heart Can Stab into Jaw

By Lawrence Lamb, M.D.  
Dear Dr. Lamb—Would it be a heart pain in my jaw or upper gums? (I wear dentures.) It gets very severe and it seems to get worse with exertion. Walking in a cold wind makes it worse. I have had three heart attacks.

Dear Reader—Yes, pain from heart trouble can radiate into the jaw. Pain, such as you describe, brought on by either exercise or walking in a cold wind often means heart pain. A good test is to take a nitroglycerin tablet—the heart tablet that melts under the tongue—before walking and see if that prevents the pain. Of course, your doctor will need to prescribe the medicine for you if you are not already taking it. If you are going to be walking against the wind be sure and use a warm scarf and protect the throat and chest from the wind. If you are overweight, you could benefit by losing pounds and if you use tobacco or much coffee, you should stop this.

A person who has heart pain while exercising or walking can often do a great deal more exercise after a significant weight loss.

Dear Dr. Lamb—I have a light case of diabetes for

which I am taking medication orally. My blood sugar is remaining stable, but I'm still having nervous tremors when getting up from a sitting position or arising in the morning. My doctor said it was due to blood sugar. Do you agree and, if not, what might be the cause? Is it possible to have diabetes and still not show any sugar in the urine?

Dear Reader—A low blood sugar from treatment of diabetes can cause nervous tremors or faintness. It may be possible to regulate a person's diet and medicine in such a way as to prevent this problem.

Diabetes involves more than just the blood sugar. It can affect the arteries and the nerves. When the nerves are involved the normal reflex actions to control the circulation may be affected in such a way as to cause faintness.

Yes, it is possible to have diabetes and not have sugar in the urine, even if the diabetes is not controlled by medicine. This usually means the kidneys are not functioning properly and the excess sugar in the blood that would normally be filtered out remains in the blood stream.

queen play correct against an opponent capable of holding back his ace, but there is also a principle of play that most players put an ace on a king any time they can. Any West player who holds back his ace gives South a chance to err; anyone who plays the aces makes success sure for South.

bond issue made in 1941 for highway construction. Members of the state Highway Commission said last week they favored the bond plan.

J. C. Patterson of Lavaca, a member of the commission, said the issuance of the bonds would enable the state to "really get moving" on highway construction.

Members of the commission sat in the Senate gallery as the upper chamber approved the bill.

Bynum said the bill would accelerate the state's highway building program by 10 to 15 years.

The bonds would be retired

with gasoline tax revenues over a 30-year period. No gasoline tax increase is provided to support the bonds.

The state would receive 70 per cent of the bond proceeds. Cities would get 15 per cent, or about \$45 million, and counties would also get 15 per cent. Municipal funds would be distributed on the basis of population.

Bynum said bond dealers had informed him that this year's bonds could be sold at a 3.7 per cent interest rate. The bill provides that the bonds may not be sold at a rate above 5½ per cent. All bonds could be sold at once at a rate of less than 4½ per cent, but no more than 30 per cent could be sold in a single year if the interest rate were 4½ per cent or more.

In other action, the House: —Approved 68-7 a bill by Sen. W. D. Moore of El Dorado providing workmen's compensation coverage for public school officers and employees.

—Rejected a motion by Rep. George E. Nowotny Jr. of Fort Smith seeking the recall from the Senate of a House-passed bill that would repeal the current method of motor vehicle licensing.

—Passed 77-0 a bill by Kane that would permit cities and

counties to issue revenue bonds for the development of tourist projects.

—Adopted a resolution by Rep. John Bethell of Des Arc saying the House did not intend to pressure Bumpers or dictate to him on his choice of department heads when a majority of the representatives signed another resolution expressing reluctance to levy additional taxes for prison reform while C. Robert Sarver is correction commissioner.

## Senate Again Beats Change in Filibuster

WASHINGTON (AP) — Filibuster foes of a Senate rules change apparently have succeeded in burying an amendment that would make it easier to end filibusters.

Another week of debate is ahead, and sponsors of the rules revision are ready now to attempt a compromise settlement. But the odds are against them.

"I confess there's not much life left in this proposition, but

Wednesday, March 3, 1971 there's some," Sen. Frank Church, D-Idaho, said Tuesday after the Senate refused for a third time to end a 24-day-old rules filibuster.

"Let's not bury the patient yet," Church asked Senate leaders. "Give us another week."

The vote Tuesday was 48 to 36 to limit the debate, eight votes short of the two-thirds majority now required to invoke cloture. The second attempt a week earlier failed by the same margin.

Church said 58 of the 100 senators support his proposal to limit debate by a three-fifths vote.
